SPECIAL PRICE LIST NO. 105

A 30-Day Special!

By now, all of us are very much aware of the scarcity of high quality silver dollars. This is especially true of the scarcer dates. At the recent American Numismatic Association Convention, we were not all that surprised to see even the *most common* date Mint State 60 Silver Dollars selling for $14 each in *roll* quantities! Last year, skeptics said dollars were a passing fad. This year they are disappointed with themselves because they didn't buy their dollars a year ago! If you have been a regular Paramount customer for the last five years, you already know how much dollars have appreciated! And the available supplies are certainly *not* getting larger as many new collectors start their collections every day.

This month, and *only for the next 30 days,* we are offering 1890-S Morgan Dollars, in MS-65, from The Redfield Collection, for only $74.00 each. That's $6 off our regular price. *If you buy five,* you pay only $355.00 (or $71.00 each). Either way, you save money, receive a premium quality coin and get our exclusive, written SIX-MONTH MONEY BACK GUARANTEE OF SATISFACTION. Paramount, *and only Paramount,* has offered such an extended guarantee on Mint State Silver Dollars for two and one-half years! We're confident we sell the highest quality dollars and our six-month return privilege assures *your total satisfaction.* Order now. Prices may be higher next month!

Popular Transitional Cent

Photo enlarged

Pattern collectors, Indian cent collectors and rare coin collectors — **DO WE HAVE A COIN FOR YOU!** Listed as J-228 in *United States Pattern, Experimental and Trial Pieces* by J. Hewitt Judd, the 1859 Indian cent with reverse of '60 is an *absolute must* for your collection or portfolio!

As many know, the reverse of the regular issue 1859 cent shows a laurel wreath. In 1860, however, an oak wreath was substituted and a shield added for "National character". But what many people don't realize is that in late 1859, approximately 1250+ *mint state* 1859 Indian cents were struck with the 1860 reverse, creating the popular 1859 Type '60 transitional cent.

For many years, this transitional cent was long overlooked, but that is no longer that case! The demand for the 1859 Type '60 cent is increasing as more collectors are beginning to add it to their holdings. Realizing this demand, our rare coin buyers jumped at the opportunity to acquire fourteen specimens of this popular coin at the recent ANA convention. Each and every coin is a full Mint State 65 — an outstanding testimony to the care given these coins during the past 119 years. All exhibit original toning and are guaranteed to please.

We have noticed similar specimens offered for as high as $595. But because of our fortunate purchase, we find ourselves in the position to offer these beautiful MS-65 transitional cents for only $425 each! Why pay more when you can be assured of receiving Paramount's strict grading and personalized service?

Would you like to see this low mintage, choice condition transitional cent in your collection? If so, then don't delay in placing your order because we expect the demand to be larger than our supply! Order today!

J-228, 1859 Type '60 Transitional Cent, Mint State 65, Only **$425.00**

P.S. Another fact to consider is that the 1859 Type '60 cent is sometimes found in worn condition. This means a number of these transitional cents were placed into circulation. Therefore, the number of specimens available in MS-65 condition is even less than 119 years of history and a mintage of 1250+ would indicate!

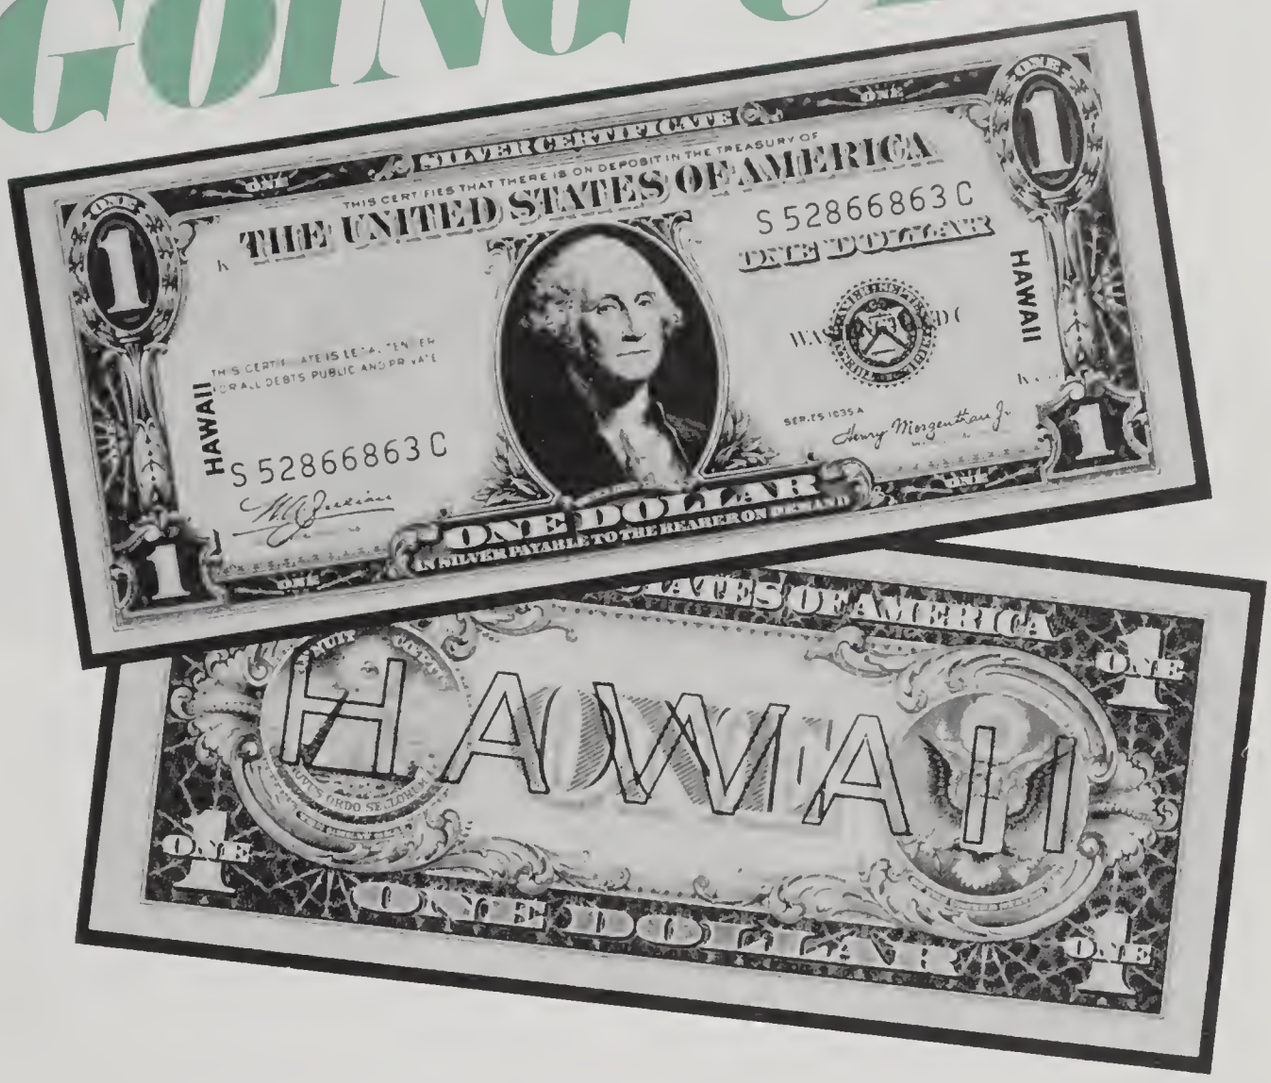
GOING UP!



The popular HAWAII overprint one dollar bill is *going up!* The current collector, investor, and dealer demand for this note in uncirculated condition is *unprecedented.* In fact, this demand is so strong, the note's *wholesale* value has increased approximately 25% in just the last few weeks! Who knows how high this note may be in the near future!

The HAWAII one dollar bill is one of the most popular items ever offered by Paramount. We sell out virtually every time it is offered, forcing us time and again to re-enter the market to replenish our inventory. Unfortunately, the available supply of this popular note is now at the lowest point we have ever seen. Crisp uncirculated specimens just can't be found! However, after much searching, our buyer did locate a very small supply at the recent ANA convention (a mere fifty-two pieces). While they remain, we are making them available on a *first-come, first-served* basis for only $26.50 each, with a limit of *one per customer!*

Crisp uncirculated United States currency is in demand! Never has interest been stronger. And because of its historic significance, unusual overprint and status as a type note, it stands to reason the HAWAII one dollar bill is among the most popular. Combine that with Paramount's conservative grading and fair pricing and you will agree when we say: Order your HAWAII overprint *today!*

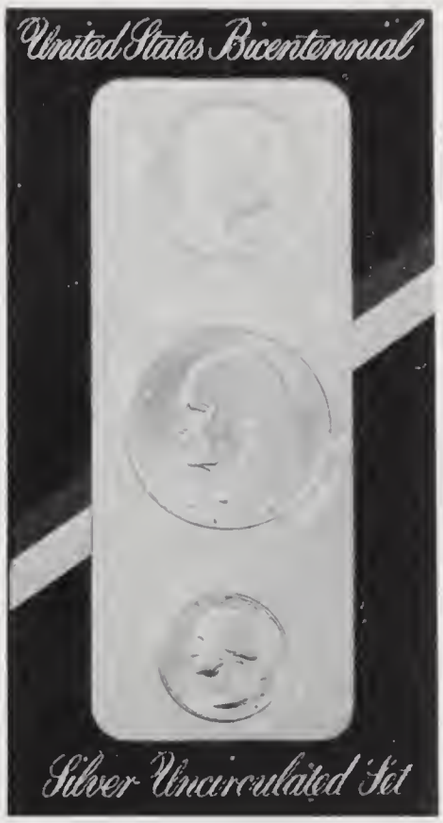
A Silver Bicentennial Treasure



Why are you saving copper-nickel Bicentennial coinage as a reminder of this country's two hundredth anniversary — just like millions and millions of other people — when you can forever remember this historic anniversary with United States Bicentennial coinage made of *silver!* That's right! And, the silver Bicentennial coinage you can own is *Brilliant Uncirculated,* unlike the gouged, scraped and dulled non silver coins found in circulation.

These Bicentennial silver coins are the Washington quarter, Kennedy half dollar and Eisenhower dollar, each with their own unique Bicentennial design and dual 1776-1976 dates. All three were struck at the famous San Francisco Mint, are 40% silver, and are *government sealed* for lasting protection into a beautiful three-piece set. The three coinage denominations these coins represent were the *only* Bicentennial coins issued by the United States and *none* were ever issued for circulation!

By taking advantage of this offer, you may now add this desirable three-piece government sealed Bicentennial set to your collection for only $10. But hurry! Previous offerings have brought tremendous results. Order NOW to be certain of receiving *your* 1776-1976 Bicentennial silver coin set.

The Ike Dollar . . . Is The End Near?

Will Susan B. Anthony replace Ike?

A new, smaller dollar with the portrait of Susan B. Anthony may replace the Eisenhower dollar as early as next year according to reports coming from Washington. The new coins will be suitable for many vending machine applications. It is hoped that the new proposed smaller dollars will replace the dollar bill since the coins will cost no more to produce and will have a longer life in circulation.

Naturally, this means the traditional 38.1 mm dollars may become another bit of U.S. numismatic history. As such, the older and larger dollars could easily become extremely popular (they already are *very* popular). Prices *could* increase dramatically if the demand outstrips the supply.

As a matter of record, the Eisenhower series contains several dates with exceptionally low mintages as can be seen on the chart below:

Don't Be Left Out!

Collectors in the know realize choice mint state Walking Liberty half dollars are becoming very difficult to locate. Many collectors are attempting to finish their 1934-1947 sets now — while these coins can still be located! They know that if they wait, all they may have to show for their collecting efforts is a partially filled album. *Don't be left in this position.* Complete your Walking Liberty collection now! And to help you complete your set, we are proud to offer the *scarce* 1937-S half dollar in brilliant Mint State 65!

We obtained our small group at the recent ANA convention in Houston. They were part of an old-time accumulation that was being dispersed. Every coin is in brilliant mint state condition. Unlike so many many 1937-S half dollars on the numismatic market, the specimens we offer *have not been* whizzed, cleaned, polished or brushed. Without question, each one is so beautiful, it is guaranteed to place a smile on the face of even the most demanding collector!

In MS-65, the 1937-S half dollar is a scarce coin. With so many "sliders" available, deal with a firm with whom you have complete faith — **Paramount!**

Our available supply of the MS-65 1937-S Walking Liberty half dollar is very small. Order today to be certain of receiving yours!

Last Chance?

Enlarged photo of the D/S mintmark.

It would be an understatement to say we received a large number of orders for the 1938-D/S Mint State 65 Buffalo nickel. **We were swamped!** Our buyers had to scour the entire numismatic market just to find enough specimens of this attractive coin to fill the orders we received. We contacted dealers large and small until we could no longer find additional specimens! Now that the dust has settled, we find we have approximately two dozen MS-65 1938-D/S Buffalo nickels remaining. And while they last, they may still be acquired for just $45 each!

Hurry! We certainly do not expect these few coins to last. Once they are gone, our recent attempt to locate additional examples lead us to believe it may be a *long* time before we have a sufficient quantity to offer them again. To assure yourself of obtaining a lustrous MS-65 1938-D/S nickel, mail your order today!

GOLD

AN ITEM OF LASTING BEAUTY

Gold — the ultimate acquisition. There is not a collector alive who would not like to see brilliant, glistening gold in their collection.

We have carefully assembled two different United States gold type sets, each containing a $2½, $5, $10, and $20 gold coin in brilliant uncirculated (Mint State 60 or better) condition. The first set will feature coins with the classic Liberty Head design. This design was used from the late 1830's into the twentieth century. The second set includes the popular $2½ and $5 gold coins with the incuse Indian Head design. (They were the only coins issued by the United States whose design was actually *below* the surface of the coin.) Also included is the $10 Indian Head gold coin and the magnificent $20 Saint-Gaudens. The Saint-Gaudens is often referred to as the most beautiful coin ever issued by the United States, and one of the most beautiful in the entire world.

Either set would make a handsome addition to any collection — an addition certain to bring enjoyment and pleasure for many years to come. Gold. You've heard so much about it. Now, it can be yours.

Czarist Gold

Gold coins of all nations have been enjoying an increasing popularity among collectors. Everywhere you look, you can see evidence of this strong demand.

Russian gold continues to be an all-time favorite. Whenever this two-piece gold set is offered, we are literally swamped with orders. The 5 and 10 roubles of Nicholas II, the last Russian czar, represent the last gold coins issued before the Russian revolution in 1917. This makes them highly sought after as type coins.

The 5 rouble was minted between 1897 and 1911 and the 10 rouble between 1898 and 1911. Due to a recent purchase, we were able to obtain several dozen sets of the 5 and 10 roubles which we are offering for sale at this time. These coins will grade Very Fine or better and each set will be carefully matched to insure your complete satisfaction. We might stress that Russian gold is very popular and an early order on your part might avoid disappointment.

Such Beauty!

Canada issued its first commemorative silver dollar over forty years ago. Since then, she has produced one magnificent commemorative dollar after another. In all this beauty, it would seem impossible to choose just one coin as her finest. Yet if one had to choose, that coin would probably be the *1949 Newfoundland silver dollar commemorative.*

The Newfoundland commemorative dollar was issued to mark the joining of Newfoundland with Canada in 1949. King George VI of England is on the obverse, the beautifully detailed and executed ship of explorer John Cabot, the "Matthew", is on the reverse. As if the beauty of its design was not enough, this coin, almost without exception, is further enhanced by brilliant *proof-like fields.*

Just 672,218 Newfoundland commemorative silver dollars were issued. Even if you do not collect Canadian coins, you will want to add this dollar to your collection, if not for its *exquisite beauty*, then for its *low mintage!*

We currently have twenty Mint State 65 examples in stock. Order today and see for yourself why the 1949 Newfoundland commemorative silver dollar is considered one of the world's most beautiful coins!

A Star Offering

Have you ever received a dollar bill in change that is identical to all the others *except* for a small star at the very beginning of the serial number? That note is a *star replacement* note. It was printed by the Bureau of Engraving and Printing to replace a regular note rejected for circulation prior to its issuance due (usually) to a printing error. These star notes comprise a very, very small percentage of the notes in circulation and because of this, have been a favorite with collectors for many years.

Recently, we obtained a small group of eight *original packs* of star notes. The following series and Federal Reserve districts are represented:

SERIES	DISTRICT
1969	Dallas
1969-B	Boston
1969-B	Minneapolis
1969-D	Atlanta
1974	Atlanta

Each pack contains *one hundred* crisp uncirculated one dollar star notes. While they last, you may purchase one of these original packs (your choice if available) for only $195. That's less than two dollars a note! Naturally, with only eight packs available, a sell-out is virtually assured. That is why we say — ORDER NOW!

The Legendary Gold Sovereign

The legendary British gold sovereign can be yours for only $99. First issued in 1817 during the reign of George III, the sovereign quickly established itself throughout the world as an easily recognized gold coin useful in trade. Its popularity has continued to grow until it is now perhaps the most popular gold coin of its size and is housed in many collections.

NOW is your chance to obtain a beautiful example of this historic coin. We have several pieces in stock featuring the "Young Head" design of Queen Elizabeth II, each struck between 1957 and 1968 and grading AU-55 to MS-60. Because of the limited number available, dates will be of our choice.

"If I had only . . ."

That's a common phrase we hear from collectors and investors when they refer to the selling prices of silver dollars from just two, five or ten years ago. "If I had only bought that coin for $15 five years ago instead of paying $75 for it today."

Most of us would give almost anything to be able to buy silver dollars at 1973 prices today, even though most of us probably thought prices were "too high" back then. Right? Fortunately, history has a way of repeating itself. Five years from now, *in 1983,* it is conceivable that today's prices will be looked upon as real bargains! For that reason, you should consider acquiring additional coins for your collection NOW!

Below is a listing of high quality Mint State 65 Silver Dollars from the famous Redfield Collection. Since we first introduced these coins to our customers in June, 1976, prices have risen dramatically due to the heavy demand. Who knows how much you will have to pay five years from now?

Still Growing in Popularity!

Our buyers recently uncovered a small group of 1936 Norfolk commemorative half dollars that were put away a few years ago by an astute collector. This collector was obviously interested in quality as each coin is a lustrous Mint State 65. Some are brilliant while others have a soft, natural toning. Our buyers state they have never seen a more attractive group of Norfolk commemoratives! But that is not all. According to the 1969 and 1979 editions of *A Guide Book of United States Coins* (Red Book) by R.S. Yeoman, the Norfolk commemorative increased a remarkable *200% in value* during the last ten years! And, the demand continues to grow!

Just 16,936 Norfolk commemoratives exist for today's collector. Think about it. *Just 16,936.* Compare this number to the 4.6 *billion* Lincoln cents produced last year and it becomes shockingly clear just how miniscule 16,936 really is. Does it then come as any surprise the Norfolk half dollar is one of the most popular of all United States commemoratives?

The entire United States commemorative series has been enjoying increasing demand in recent months. Collectors and investors are beginning to discover the unique designs and low mintages this series can offer. Coins commonly encountered as little as two years ago are now difficult to locate. No one can predict where this demand will lead us, but one fact is certain, choice MS-65 United States commemoratives are now *hot!* For that reason, we feel you will want to add the Norfolk commemorative to your collection as soon as possible. Now is the time, while the selection is greatest! Once the small group we now have is gone, it may be a long, long time before we are in a similar position. Don't wait! Order *today.*

First Year of Issue — And In *Proof!*

The Jefferson nickel was first issued in 1938. Because first-year-of-issues are popular with collectors, specimens from that year are in demand. Naturally, mint state specimens are the most popular with one BIG exception . . . PROOF specimens!

Just 19,365 proof Jefferson nickels were struck in 1938. Because they are usually found only in the complete set, individual examples are *seldom seen.* At least that is what we always believed until our buyers recently discovered a small group of Proof 65 specimens while appraising a collection. A purchase price was quickly agreed upon and we are now in the fortunate position of being able to offer lovely Proof 65 examples for only $32.50 each.

The number available is rather limited so we suggest an early order. And remember, your satisfaction is guaranteed!

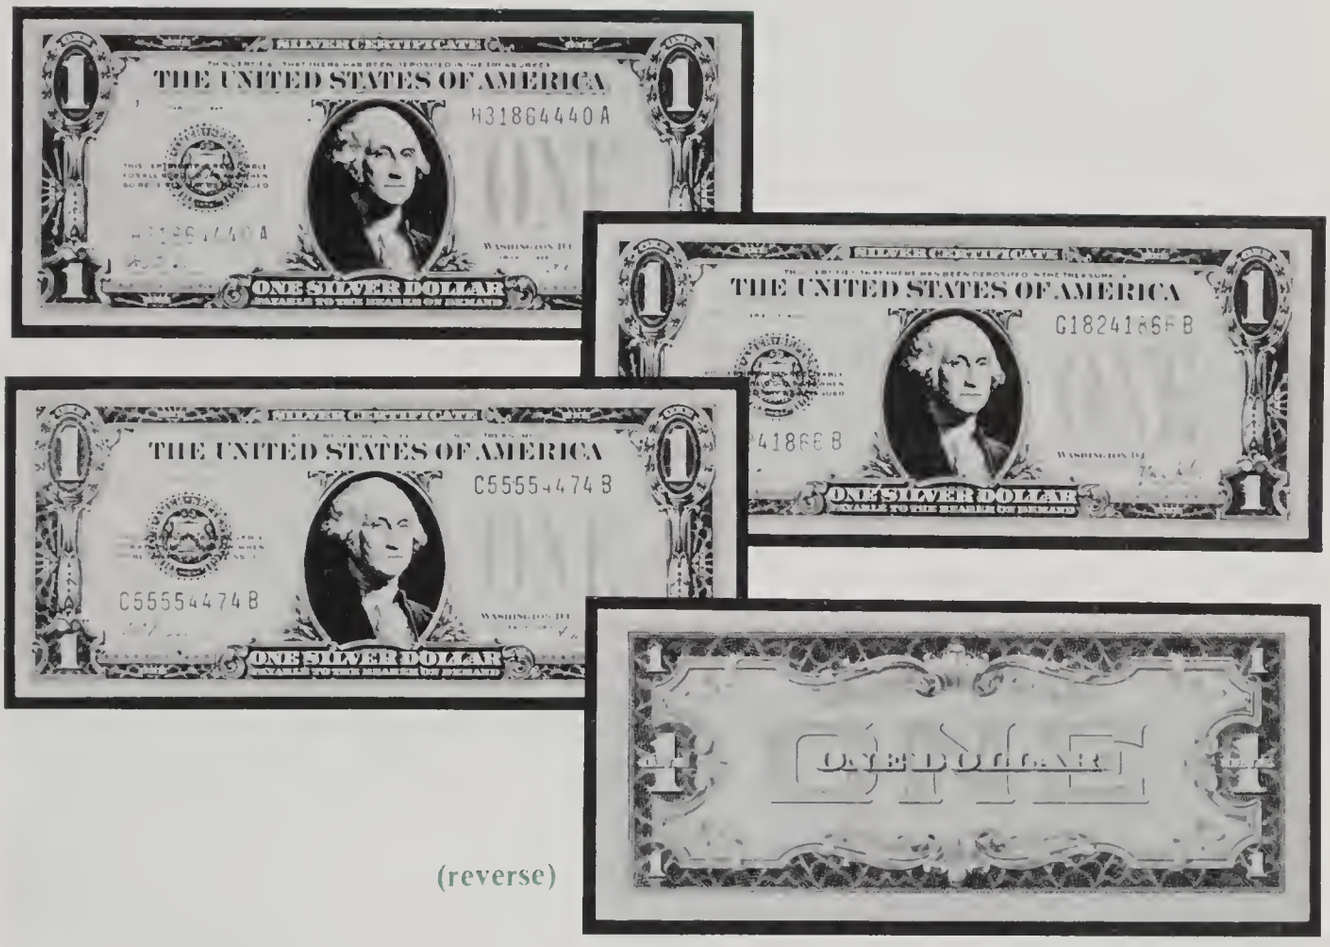
The First Small Size Silver Certificates



(reverse)

When was the last time you received a silver certificate in change? Can't remember? Chances are it was a *long* time ago. But don't fret because you can now obtain a crisp uncirculated one dollar silver certificate from the 1928, 1928-A *and* 1928-B series for *less than their combined catalogue values!* The combined value of these three notes in the eighth edition of Friedberg's *Paper Money of the United States* is $47.50. But we have slashed the catalogue value by eight dollars and you may now acquire this three note portfolio for only $39.50!

The three series represented in this portfolio are the *first small size silver certificates ever issued* and as such are very popular with collectors today. Each note has an interesting reverse (see photo) while the obverse has a large blue seal at the left. Once again, these three notes are:

Friedberg Number	Series	Signature Combination
1600	1928	Tate — Mellon
1601	1928-A	Woods — Mellon
1602	1928-B	Woods — Mills

In addition to their catalogue value, you also save a second way! Our normal price for the above three notes is $41.50. Specially priced at only $39.50, you save not only eight dollars from their catalogue value, but also two dollars from their regular price!

United States currency is on the move! Available supplies are quickly drying, attesting to the growing popularity of this collecting field. Be certain to place your order early.

Only Year of Issue Proof Special

Every collector of United States coinage should have the proof 1942 silver "war nickel" in his collection. Why? Because of these very special reasons:

- It has a mintage of only 27,600 making it the lowest mintage proof nickel within the past thirty-six years.
- It is a one year type. 1942 was the only year the silver "war nickel" was issued in proof.
- It is the only proof United States coin showing the letter "P" representing the Philadelphia Mint.
- It has been virtually overlooked in today's fast-paced numismatic market; a fact that cannot last forever.

Does this sound like the kind of coin you would like to see in your collection — a low mintage, only-year-of-issue proof coin with potential? If so, then pay close attention . . .

While quantities remain, you may order a Proof 65 example of the 1942 silver "war nickel" from Paramount for only $75! But remember, this offer is good only while our small quantity remains.

Considering what this coin has going for itself, we would not be surprised if we were to quickly sell out. Don't take that chance! Order today to be certain of receiving your beautiful specimen!

The Popular Port of Eilat Commemorative

A coin of singular beauty, the 90% silver Port of Eilat commemorative is one of the most attractive of all Israeli commemoratives. Issued in 1967, this coin marks the Tenth anniversary of the opening of this historic Red Sea port to international shipping. Just 30,250 mint state specimens were issued. A large "5", indicating the coin's denomination of 5 Israeli pounds, is on the obverse. The reverse shows a stylized light-house illuminating the Hebrew inscription above "A DECADE OF EILAT'S PORT".

Israeli commemoratives rank among the most popular of all foreign commemoratives with American collectors. Their unique designs, exquisite beauty and low mintages are well known. Unquestionably, the Port of Eilat is one of the all-time favorites. Order yours — today!

UNITED STATES PROOF SETS

Paramount maintains an extensive inventory of modern (1936-1977) United States proof sets. The sets we offer are *choice* and have been *hand-selected* for quality. Sets which are heavily spotted and discolored (which is common) are rejected. This assures you of receiving the best quality possible.

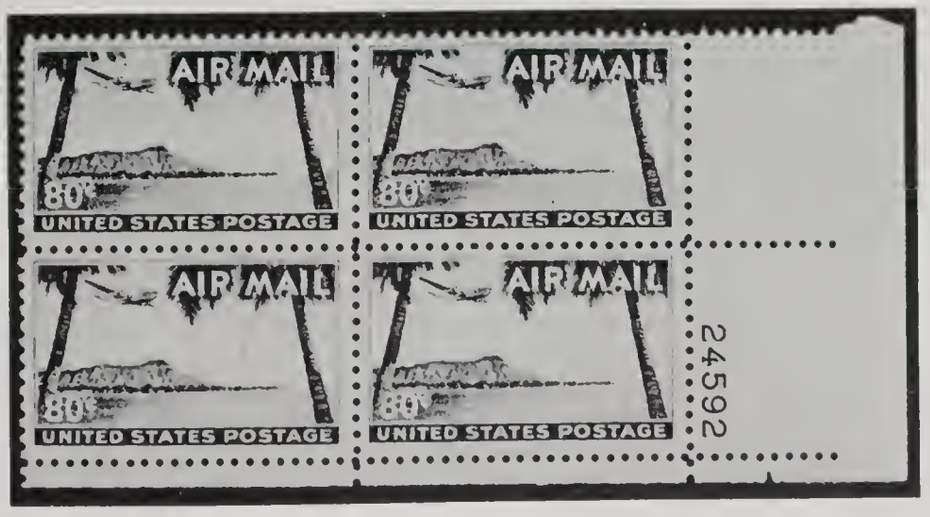
Beautiful Diamond Head



This beautiful plate block has to rate among the most popular in the entire U.S. Airmail series. Each stamp features a plane in flight over breathtaking Diamond Head in Honolulu, Hawaii. Check the performance of high denomination, low mintage U.S. plate blocks! Then order one or more of these gorgeous "Hawaiis" today. All are well centered and never hinged.

Why Spend More?

The 1926-D Standing Liberty quarter has the ninth lowest mintage in the thirty-seven piece series, yet in Mint State 65, can be purchased for a "common date" price. So, why purchase a 1926 or a 1929 quarter with mintages over *eleven million* when you can add a 1926-D (1.7 million mintage) for the same price of only $165?

The Standing Liberty quarter is acknowledged to be one of the most beautiful coins ever issued by the United States. Because of this, it is in constant demand by collectors and investors alike. As more people enter numismatics, it stands to reason the demand for this coin will grow, causing the available supply to shrink. Doesn't it then make sense to acquire the lower mintage 1926-D quarter now *before* it achieves a premium?

With less than ten MS-65 specimens currently available, we suggest you order soon.

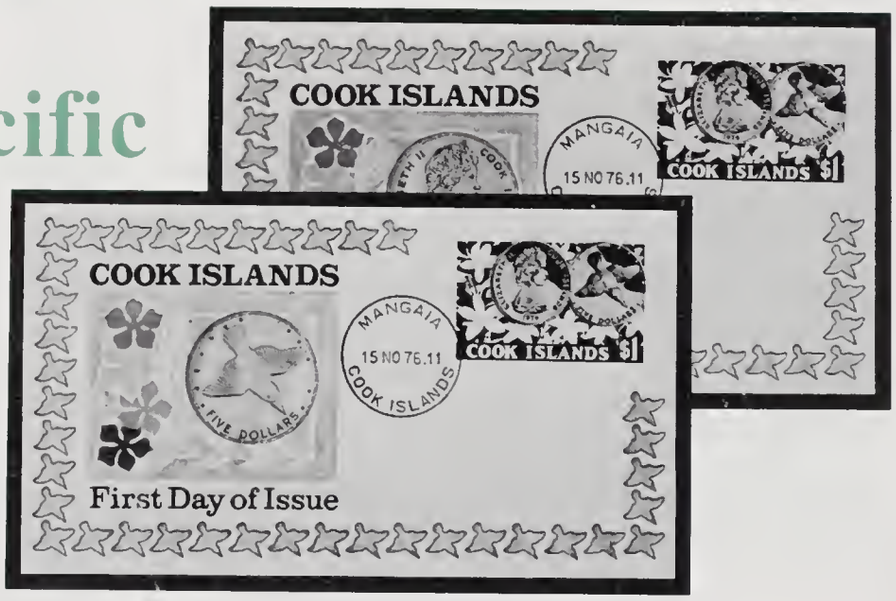
South Pacific First Day Covers



Composed of several small islands, the Cook Islands is a virtual South Pacific paradise. Among its many attractive and delightful features is the *Mangaia Kingfisher* — a rare and unusual bird found on the island of Mangaia, second largest of the Cook Islands. For some unknown reason, Mangaia is the only place in the entire world this bird calls home!

Because of this distinct heritage, the Mangaia Kingfisher was placed on a special $1 Cook Islands stamp which was first released on November 15, 1976. For this occasion, Paramount created two exclusive First Day Covers (envelopes). Unlike other covers which were canceled on Rarotonga, the largest of the Cook Islands, the covers created by Paramount were canceled in the tiny post office facility on Mangaia. *Only 2000 sets were prepared!*

We are offering this attractive pair of First Day Covers on a *first-come, first-served* basis! Unfortunately, because of the small number of sets now available, we must place a limit of just three sets per order. In view of this, we urge you to order as soon as possible. The popularity of Cook Islands stamps, the uniqueness of the *Mangaia Kingfisher,* and the pleasing design of these First Day Covers all combine to make this a very attractive offer.

One Set of Mangaia First Day Covers **$10.50**

Mexican Gold

Foreign gold is on the move! Collectors and investors are once again turning to this exciting field. Already this increasing demand is being felt in today's marketplace. Now is the time to start your collection — before the demand grows any larger!

The perfect way to start a foreign gold collection is by taking advantage of this Mexican gold coin offer. This offer consists of four different *90% solid gold* coins from Mexico: the **2 pesos, 2½ pesos, 5 pesos,** and **10 pesos,** all in glistening mint state condition and mounted in a custom plastic holder. The obverse of each coin features the bust of Father Hidalgo, the "George Washington of Mexico", who sounded the call for Mexican independence in 1810.

When compared to *any* United States gold coin or even virtually any European gold coin, you will discover that Mexican gold coins are priced astonishingly low. This, plus the recent rise in the price of gold, has placed tremendous pressure on Mexican gold coins like those in this offer. Collectors are rushing to add these coins to their collections. Don't be left out! Order your four-piece Mexican gold set today!

An Uncirculated 1875 Half Dollar For $70.00?

Right!

If you were to purchase an uncirculated 1875 silver half dollar, you would have to pay several hundred dollars. But the U.S. government issued another kind of half dollar that year — the 50¢ Fractional Currency note (Fr-1381). And you can buy one from Paramount for only $70. Don't let the price fool you! This note is very scarce, so scarce in fact that we believe it to be significantly undervalued at its current price, especially in crisp, fresh, uncirculated condition.

Fractional Currency was issued during and after the Civil War to augment the supply of circulating coinage. This 50¢ issue portrays William H. Crawford, Secretary of the War and Treasury Department from 1815 to 1825. An ornate red Treasury Seal graces the obverse, while the reverse is engraved in green. Like the coins of this period, Fractional Currency is still legal tender today and redeemable at its face value.

Why wait until this 103-year-old note sells for hundreds of dollars? Our supply is very limited — place your order early.

U.S. Type Gold — Individual Pieces

The most popular way to collect U.S. gold coins is to assemble a Type Set. A Type Set includes a representative example of each major design and denomination. Thus, a Type Set of Double Eagles ($20 gold pieces) will contain only two coins: A Liberty Head and a Saint-Gaudens.

The price of gold has been in the news recently and many new collectors have found that Paramount offers the widest range of grades and prices for gold coins in the numismatic world. This is only natural, as Paramount's multimillion dollar inventory and unsurpassed reputation for accurate grading and fair prices are well known to experienced collectors! When you shop at Paramount for gold coins, your satisfaction is guaranteed!

The Knesset Commemorative

Situated on a lofty hill west of Jerusalem is the Knesset building, home of Israel's parliament. The state emblem is found on the obverse, a view of the Knesset building is on the reverse.

Just 25,252 mint state specimens of this striking coin were issued for worldwide distribution. Out of this small number, Paramount is fortunate to have several attractive Mint State 65 specimens. Each is brilliant and as nice as the day it was issued. And, all are ready for *immediate purchase!*

INVESTORS CLUB

You Select Your Area of Specialization

Many rare eoin investment programs do not give the elient mueh ehoice in regard to the eoins he reeeives. Paramount is different. We offer seven main areas of speeialization from whieh to ehoose. Unless you inform us otherwise, all seleetions you reeeive will eome from the area of your main interest. The seven areas you may ehoose from are:

- Silver Dollars — Silver Dollars have been among the most rapidly appreeiating eoins in recent years. In faet, Silver Dollars are the most widely eolleeted denomination of U.S. eoins. Paramount is the leading dealer of quality Silver Dollars. We earry a large inventory of dates at all times. Over the years, we have assisted many colleetors in aequiring complete sets of silver dollars. All dollars in this program will grade Mint State 60 or better.
- Commemorative Coins — Commemorative eoins are eonsidered by many to be the most underrated of all U.S. eoins. Mintages are extremely low when eompared to other series. Priees, on the other hand, are very reasonable when you consider the mintages. Paramount always has a large seleetion of mint state commemoratives available. All commemorative coins in this program will grade a minimum of Mint State 60.
- Rare Date Gold Coins — A very specialized area primarily for the more serious investor or colleetor. Ineluded are rare individual dates, beautiful and rare gold proofs, ete. These eoins are generally available only to the investor seleeting the $1000 (or higher) per month program. Truly rare and ehoice gold eoins eannot be acquired for lesser amounts. Priee appreeiation for such eoins has historieally been very favorable. All rare date gold eoins ineluded in this plan will grade EF-40 or better.
- United States Type Coins — Type eollecting is one of the more popular methods of collecting. This program involves the aequisition of a representative example of every U.S. coin design. Speeifie dates are not colleeted. This program can also inelude gold eoins, if you desire. All type eoins sent in this program will be in the highest possible condition.
- Specialized — Our speeialized program is just that — speeialized to fit your own personal desire and goals. We will gladly assist you in assembling a set of Indian Head eents, Shield nickels, Liberty nickels, Barber dimes — or whatever. Tell us speeifically what you want in your portfolio and we will take it from there. Personal service to you is our objective with this and all our investment programs.
- Currency — Many believe the real popularity of rare eurreney eolleeting is still to eome. Currency offers rarity, quality, and magnificent artistie beauty. Paramount has been dealing in this area for several years and is known for handling notes of the highest quality. Curreney in this plan will generally be Uneirculated or Gem.
- General — The coins included in this program will be non-speeified. For instance, you might receive rolls of Mint State Coins, Silver Dollars, Commemoratives, etc. In all likelihood, you will receive duplicates. Our staff will select only quality coins whieh we feel offer you potential growth. Both United States and Foreign coins will be ineluded in this plan.

☆☆☆☆☆☆☆ A Bicenten

The most exciting philatelic item ever issued by the United States Postal Serviee was the beautiful set of four different souvenir sheets commemorating this nation's Bieentennial. Since its issue, we have been swamped with inquiries from our many eustomers asking when Paramount will be offering this very popular set. For these many people, we have GOOD NEWS! Our philatelic buyers have just reported they recently purchased a stamp dealer's entire stoek of 1976 Bieentennial souvenir sheets! Eaeh set is *superb* — Post Offiee fresh in every sense of the word! Without question, finer sets do not exist!

Bicentennial souvenir sheets were released in 1976 through a small number of selected Post Offiees. In faet, the vast majority of Post Offices were not even privileged to handle them! This severely restrieted their distribution eausing these sheets to become *immediate favorites* with eollectors and investors alike. This, in turn, has caused their value to steadily climb. Today, their popularity and beauty are unchallenged!

Eaeh of the four multi-colored sheets eomprising this stunning Bieentennial set features a well known painting depicting a famous Revolutionary War event. Featured in minute detail are these paintings:

- **The Surrender of Lord Cornwallis at Yorktown**
- **The Declaration of Independence, 4 July 1776 at Philadelphia**
- **Washington Crossing the Delaware**
- **Washington Reviewing His Ragged Army at Valley Forge**

The Surrender of Lord Cornwallis at Yorktown

The Declaration of Independence 4 July 1776 at Philadelphi

al Treasure ☆☆☆☆☆☆☆☆☆

Each souvenir sheet contains five stamps, all with the same face value. Depending upon the sheet, the face value of the stamps will be either thirteen cents, eighteen cents, twenty-four cents, or thirty-one cents.

Never has the Post Office issued a set like this! Its beauty, popularity, detailed workmanship, historical significance, and superb condition makes the 1976 Bicentennial souvenir sheets an absolute MUST for every collection. And there is no better time than *right now* for you to acquire this desirable set!

The Bicentennial of the United States will be warmly remembered for many years to come. These lovely souvenir sheets will provide a constant visual reminder of that historic occasion and will make those memories all the more special. Place your order early as we expect these Bicentennial sheets to be one of the most popular items ever offered by Paramount.

United States Silver Commemoratives

United States silver commemorative coins include some of the most beautiful and artistic designs of any United States coinage. Their beauty and boldness of relief is admired by collectors throughout the entire world. Their mintages are consistently small, often less than 20,000 pieces, and according to the respective editions of *A Guide Book of United States Coins* (Red Book) by R.S. Yeoman, the fifty-piece commemorative type set has more than tripled in value in the last ten years. Yet, many United States commemoratives can still be purchased in mint state condition for less than $50 each.

Considering their low mintages, unique designs, and historical interest, United States silver commemoratives may certainly be a series whose future is clear.
